81,000 a Month Saved -- Murderous Assault --- New Pumps --- Cheap Ggs.-- Dances.-- Notes.

Asa Dawson, Steward at the Asylum, informed our reporter yesterday that it would not cost within a thousand dollars as much to run the Asylum this month as it would have cost had the patients been kept in California. It used to cost between \$4,000 and \$4,500 a month, and this month he estimates the expense will not be over \$3,500. When we remember that this will be the most expensive month because of the expenses necessary to get started, we can readily see how much the State will save as a moneyed proposition, to the unfortunates at home and the money spent here.

' Yesterday morning Le Fevre made 🔉 desperate assault upon a fellow patient, and before he could be taken off had hit him three times over the head with a boot. The rations had sat down upon and Hoy 27; second—Hoy 25 and Spider a step and pulled off his boot, when Le | 25; third-Spider 27 and Hoy 28. THE MATCH ON PRIDAY.

Elegant Shoeting by Local Shots.

Last Friday evening at four o'clock prempt, two of the local shots, Bob Hey and "Spider" appeared promptly on time at the shooting gallery on Virginia street and shieing their casters into the shooting ring leaped lightly to the front and signified their readiness to proceed with the shooting match. Stoddard and George Avery both were complaining of being indisposed, but there are dark suspicions on the subject. General Hagerman was present among the large group of spectators and but for injury to his arm would have entered the shooting ring as frisky as any of the contestants. The shooting done was say nothing of the advantage of having really remarkable. That Reno intends to carry away the prizes in the coming Caledonian picnic the world can see from the record itself. Three rounds of four shots spiece were first fired at the central target, the highest possible score being 28. First round-Spider 25 Hoy 80, Spider 78. Last evening the match continued both contestants shootsible. No serious harm will result. Le sulting in a tie on the first and in the ger, pacing rapidly up and down, never other towns of the State send along a

challenge. The match for the gun, which had been offered by the proprietor of the shooting gallery, and has been under contest for nearly a month pasi, was closed last evening by a final contest between "Spider," R. F. Hoy, and C. H. Stoddard, Each party was to fire twelve rounds each and closed his score as follows: Spider, 605; Hov, 642, and Stoddard, 665. The prize of the gun however, was put up for the best indi vidual score shot and as Stoddard and Hoy scored 60 each, while Spider scored only 45, the prize was accorded to the two winners. Owing to the number of shots at 10 cents premium each offered by the gallery man, being far below the price of the gun, the pro rata was divided between them.
